

EAA Chapter 1354 Meeting and Safety Presentation

Owner Aircraft Maintenance is more than just having the skills, there is "paper work" involved. Learn how to do it right. If you pre-register for this event you will only have to verify your name on the attendance list the night of the event. You will then automatically receive the AMT and/or Wings credit when the event is closed out. You may also receive credit if you did not pre-register if you sign in on the night of the event.

Directions: The seminar will be conducted in the Conference Room located inside the main terminal building and down the hall past the "pilot shop."

A message from the National FAASTeam Manager

The new WINGS–Pilot Proficiency Program is great! Check it out now!
